PURCHASERS' SALES INFORMATION

The following excerpt from the rules and regulations governing this sale will be of special interest to those purchasing breeding stock.

1. Terms of Sale—Cash

Immediately after your purchases are completed, settlements and shipping instructions will be taken in the front office of the Auditorium. Information on freight schedules and rates, and livestock insurance will also be available.

All purchases must be settled for within one hour of the sale of the animal. If any purchaser fails to settle for his purchase as stated, the Committee reserves full power to resell the animal to the best advantage either publicly or privately, without further information and any loss arising from such resale, together with the keep and all other expenses, will be collected from the defaulter.

Immediately after each purchase is declared the risk of the animal shall be exclusively with the purchaser, and until a settlement is made in the terms of these conditions the delivery of the animal shall be suspended.

Before an animal can be removed from the building, the buyer must present to the Barn Superintendent the official receipt and release signed by the Treasurer or Association Representative.

2. Pedigrees

Ear tattoos and identification of all stock contributed to this sale have been checked and compared with the Registration Papers for your protection. The Registration Certificates will be transferred to your name on the books of the Canadian National Livestock Records at Ottawa and the transferred Registration Papers forwarded, by mail, to you.

The purchaser of an animal at an Association sale will be given twenty days after the last day of the sale within which to file with the Secretary claim for compensation by reason of any erroneous information respecting such animal that may appear in the catalogue and was not corrected by the auctioneer at the time the animal was offered for sale.

3. Mail Order Purchase

The Secretary is prepared to purchase bulls for persons unable to attend the sale personally. To do this you should send a marked cheque, for the amount you are willing to pay, made out to the Saskatchewan Cattle Breeders' Association and indicate the lot numbers you would wish a bid placed on. Averages at these sales will be found on the back cover of this catalogue.

4. Order of Sale

Animals will be sold in the order of contributor's name in the catalogue. For the day and time at which different breeds are sold, see the program in the front of this catalogue. All stock must be returned to their original stall by the seller and left there until settlement has been made. Contributors must feed and care for animals until evening of the day on which they are sold.

5. Bidding

A bull failing to bring an opening bid of \$300.00 will be withdrawn from the sale. If any dispute arises between two or more bidders, it will be settled by the animal again being put up and resold. The decision of the auctioneer shall be final in such cases.

6. Health Regulations

(a) As the Province of Saskatchewan has been declared a Restricted Area for the eradication of Bovine Tuberculosis, all cattle entering this Show and Sale from herds not dealt with under the Accredited Herd Plan, will be of Restricted Area standing.

(b) To qualify for export to U.S.A. all cattle must have passed a blood test for Brucellosis within 30 days of the date of sale. To avoid delays owners shall arrange to do this through their local Veterinarian where reasonably possible.

(c) All cattle contributed to this sale must be free of skin diseases, parasites, or other obvious abnormalities.

7. Breeding Guarantee

(a) Should a bull, in the opinion of the purchaser, be a non-breeder, the purchaser shall report the same in writing to the Secretary of the Association between two and six months from the date of sale. The purchaser shall then complete a Statutory Declaration supplied by the Association. The purchaser may be required to retain the bull for the six months and after this period, the contributor shall have the option of testing the animal for four months on his own premises. If the animal then proves to be a non-breeder, the contributor will refund 75% of the purchase price or supply an animal of approximate age, quality and breeding, and the non-breeder to be returned to the contributor.

A contributor will not be responsible for injury, infection, or sickness which was not apparent at the time of sale, or for improper care and feeding by the purchaser.

In either case the purchaser is to be responsible for all transportation charges incurred.

(b) It is to be clearly understood that the Association is only acting as a medium between buyer and seller and is not in any way responsible for any failure on the part of either party to live up to his obligations, neither does the Association assume any financial obligations to collect or enforce collection of any moneys between parties and any legal action that may in exceptional cases, be taken, must be between the buyer and seller themselves. The Association guarantees all pedigrees or will revoke any sale concerned. In all cases the influence of the Association will be exerted, as far as possible, to hold all parties strictly to these regulations.

8. Loading and Transportation

(a) Animals not to be shipped by rail will be delivered to the various buyers on the grounds, who will take charge of them immediately after settlement has been made.

(b) The Association will undertake to feed and load animals purchased at this auction sale for a fee of \$5.00 per head. Animals will be shipped F.O.B. Regina. When the distance is over one hundred and fifty miles, the purchaser may have to accompany the animals or pay the Association for securing a man to take the shipment.

(c) The loading and shipping of cattle after the sale will be conducted under the direction and supervision of the Association, and all cattle to be shipped by rail will be regarded as delivered to the purchaser when they have been properly loaded and billed to their destination. Purchasers will be expected to render any assistance in the loading and shipping that may be required of them and to make all necessary arrangements among themselves and with the Secretary for such attendant or attendants as may be required to accompany the cattle to their destination.

(d) Every care will be exercised by the management to prevent injury to, or loss of property, and to insure the prompt collection and delivery of animals at the proper destination, but the Association, acting only as a medium between buyer and seller, will not be responsible for any loss or damage that may occur during transportation.

9. Powers of Executive Committee

The Executive Committee shall have power to cancel the sale of any animal before delivery provided such course in its opinion is fair and just, both to buyer and seller.

The Treasurer will have power to give receipt in full for all payments on stock and will remit the amount realized, less the proper charges for each animal, to the contributor within three weeks after the date of the sale.

Purchase of Breeding Stock for Export

Complete information regarding the purchase and export of breeding stock to the United States is available if required. Cattle are exported from this sale every year to the United States.

Arrangements have been made for a representative from Canadian National Live-stock Records to attend the sale and transfer the registration certificates to the names of American Buyers. Veterinarians from the Health of Animals Division will also be in attendance to take immediate tests for T.B. and Bang's Disease, if necessary. These facilities are provided to encourage American buyers and cause the least possible delay in shipment.

United States funds will be accepted at the current rate of exchange for the purchase of stock.

The day this bull was dropped we knew he'd be a good long modern bull. This bull started breeding early and ran with the cows all last
summer. His sire is Westport, the great producing son of Domino Lee 9M, a 2,400 lb. bull. Westport traces back to Woodrow Mischief 48—
four times. His calves are great and always did well. His dam is a great cow, very modern, good length, and has a great leg.

	12Z has extra white on his back but being from one of our best cows a real good milker, we decided to put him in the sale.			
	The above bulls were sired by Beamish Bushman 3W who was purchased by ourselves and H. McKee from Dr. Doyle of Unity. His dam PH Miss Perfection Beamish 45T was the feature and high selling female for Parsonage & Holmes in their annual 1964 sale. His sire PH Excelsior Bushman 50T weighed 2,040 lbs. at 2 years of age. 3W had lots of size and bone and passed these on to his progeny.

One dollar is a small investment — but it will bring good dividends if it is used to buy a membership in the Saskatchewan Cattle Breeders' Association. Your membership will insure that you will receive sale notices, entry forms, catalogues, the annual report and the live stock calendar. You will be able to attend all meetings and elections and in that way take a hand in the formation of livestock policies.

Join now by sending \$1.00 to C. Shirriff, Secretary-Treasurer, P.O. Box 167, Regina, or, if you are attending the sale, memberships will be taken at the office in the west side of the Auditorium.

The Elegance of Mangatoro 29th, who is the sire of 5 of these bulls is called "The Cattlemen's Bull" because of his size and excellent performance and was sired by the Elegance of Charterhouse. Known as "The Round the World Bull". The 29th is owned jointly by 777 Ranch, Paris, Texas, Harvanamere Angus Farm and Ranch, Rouleau, Sask., and the Alamo Ranch, San Antonio, Texas, where he is being used as herd sire. Bulls sired by the Elegance of Mangatoro 29th have been champions wherever they have been shown and buyers speak well of their performance. Mr. Morrell says of Elegance 10V, his present herd sire, "He is a good bull, well set up, lots of length, good feet and legs, very active and has a good, uniform crop of calves on the ground." Ron Garbutt, Belbeck, purchaser of Elegance 14V, who topped the 1967 Regina Bull Sale at \$3,600.00, says he has used him extensively and buyers are looking for his calves. He has earned for himself the name of "The Record Bull".

(Bred by Heatherbrook Farms Ltd., Lacombe, Alberta.) Heatherbrook Black Tide, bred by the late Sam Henderson, Lacombe, Alberta, one of Alberta's foremost breeders since 1910 and who imported the dam Evening Tinge. This cow is the foundress of a great line of females. An "Evening Tinge" yearling heifer won the Grand Champion Angus Futurity and then was Interbred Champion of the Canadian Western Stock Show in 1968. This bull is perhaps one of the best bred bulls in western Canada. With lots of size and conformation. He should be a winner wherever he goes.

 KKD 4Y rt. ear. Sire of Sire: Kelburn Silver Coin -372564-. Sire of Dam: Remital Galahad -374592-

 He is another big, rugged bull with over 10 inches of bone. His dam is by the \$10,000 "Kair Conquest" (Imp.) also sire of our champions and record selling bulls at Regina in 1963 and 1964. Last year his full brother sold to Harvey Good, a top rancher in Irvine, Alberta. In 1968 another bull from the same cow sold to another good Alberta rancher, Bill Ramsay of Walsh.

 He is another bull that has had many admirers. He is an extra long bull, with good bone, great smoothness and trimness along with lots of size. He is also from a large "Kair Conquest" dam.

*"Working for the Improvement of the

2. Conducting Shows and Sales. In this way breeding stock is distributed and breeders are provided with a medium for sale of their stock.

Membership in these Associations will mean that your name will be on all mailing lists for entry forms, catalogues, annual reports, notices of meetings, livestock calendar, and circulars. Membership fee for each Association is \$1.00 per year. (Horse Breeders \$2.00.)
